"As a species, I think we have no choice but to try and forecast pandemics...We have such incredible capacity to think about the future, it's time we used it to predict biological threats. Otherwise we'll be blindsided again and again."

-Nathan Wolfe

About Dr. Wolfe

Dr. Nathan Wolfe Founder and CEO of [Metabiota](#) and Founder and Executive Chairman of [Global Viral](#). He is also the Lorry I. Lokey Visiting Professor in Human Biology at Stanford University.

[Full Biography](#)

The Viral Storm

The Viral Storm tells the story of how viruses and human beings have evolved side by side through history; how deadly viruses like HIV, swine flu, and bird flu almost wiped us out in the past; and why modern life has made our species vulnerable to the threat of a global pandemic.
